A bitter battle for the life of W. Lawrence Shippey, slayer of Hall Davis, was launched late Tuesday as his defense entered a plea of justifiable homicide, charging that Davis had forced Mrs. Shippey to have illicit relations with him, as a result of which she is about to bear a child.

The state immediately started its effort to break down that defense. Detective John W. Lowe, who investigated the shooting, stated that when he questioned Shippey at headquar ters, the slayer told him he did not see Davis stoop down as if to reach for something, "'I didn't give him a chance. resolution came as a sequel to stormy political controversies in which the governor alienated the support of virtually the entire press of the state and many of his former political alilies, including Colonel Robert Ewing, democratic national committeeman from Louisiana.

Tonight Governor Long, who was swept into office 11 months ago with the support of strong political factions, apparently had lost his control over the legislature which he formerly dominated. He called it into special session at the beginning of last week to enact tax measures but after two days he realized he had lost his two-thirds majority necessary to do business at a six-day session, bad it adjourned and immediately called an 18-day session requiring only a majority to enact legislative of the mansion and interest of the mansion and fixtures of the mansion and interest. quiring only a majority to enact leg-

Out for blood, leaders of his opponents spent all of last night in the preparation of impeachment charges with the aid of attorneys and this morning attempted to introduce the resolution designed to bring the young governor to trial before the senate. Their attempt was blocked at the morning session by the argument that the house chamber was needed at noon for the formal opening of highway bids.

As soon as the afternoon session opened, leaders of the administration group renewed their efforts to force a sine die adjournment but lost on the decisive vote of 38 to 55.

forms a two-fold function. It cradles and cushions the body against bouncing, rebound and "striking through." It eliminates positively all front wheel "shimmy."

Double-acting, hydraulic shock absorbers, Packard-designed and Packard-manufactured, are built into the chassis as an integral part-with ball ends lubricated by Packard's centralized oiling system. Their gentle action, combined with Packard's deep and luxurious new cushions, means divan-like comfort on all roads.

A special shock absorbing device into which the left front spring is mounted at the rear, cancels all steering jars-prevents front wheel vibration and steering wheel "whip."

So easy and safe is the new Packard steering that the car can be guided over the most uneven roads - and at bigh-speeds-with only the fingeretips touching the wheel.

Immediately after the Prince of Wales stepped from his automobile, shook hands with members of the French cabinet who were awaiting the president of the republic on the cathedral steps and took his place well down the nave near the catafalque.

Sparta, Ga., March 26.—(Special.)
Hancock superior court convened
Monday with Judge James B. Park
on the bench and Solicitor-General
Joseph B. Duke, of Eatonton, as
prosecuting attorney. A number of
criminal cases are on docket.

Judge Park made an able charge to
the grand jury. He especially stressed
the liquor traffic and other lawlessness said to be abroad in the county.

There is talk here of making an appeal to Judge Park to adjourn court
as early as possible this week because
of the number of farmers who are
on the juries and otherwise connected
with the court. Because of the rainy
weather the farmers are behind and
the weather now seems to be right
for the beginning of work.

The new policy is a partial victory for Brookhart, as well as for Colonel Horace Mann, leader in the Hoover southern campaign and so-called "mystery man." Mann, it is understood, was influential in establishment of the advisory committee system. However, he had advocated appointment of a general southern patronage

It has been the determination of Colonel Mann from the start that party management in the south be divorced of colored leadership, a matter which he considers an absolute pierequisite to further success. On the other hand, members of the national committee, including Chairtional committee, including Chair man Work, have been fearful of the reaction in eastern and middle westcrn states to any proposal for reor-ganization based on lily white lead-ership. Atlanta is investing in the future.
Of course that isn't the primary motive in the Hazel Hughes fund, which Tuesday was boosted to \$587.47 by additional subscriptions, for Atlanta wants to see Hazel Hughes, blind daughter of County Policeman Bethel L. Hughes, who lost his life while on duty several weeks ago, receive the "breaks" in life that she is entitled to, and which were denied her by the tragic death of her father.

But Hazel plans to teach. Before the death of her father she had laid plans to attend a widely-known school for the blind and be traiged to aid in the education of other folks who have been denied sight.

The maniac's gun that whifed out the life of Policeman Hughes also sounded the death knell of Hazel's hopes—for a time. Soon afterward great-hearted Atlantans began the fund to keep a great part of the dis-

Monticello, Fla., March 26,—(P)—Sheriff G. C. Allman, of Jefferson county, today declared war on kidnapers of witnesses in liquor cases.

The wrath of the sheriff was the result of the finding at High Springs, Fla., yesterday of R. B. Oliver and a man named Winchester, witnesses in a number of liquor cases, who declared they had been forced by alleged rum dealers, at the point of a gun, to leave Monticello last week.

Oliver and Winchester had appeared in the liquor cases during a session of county court and were to have testified again last Friday morning, the sheriff said, but could not be found.

PLAN TO PRODUCE CONVICT-MADE TAGS IS DISCUSSED HERE

Details of a plan under which the state may manufacture automobile liceuse plates at the state prison at Milledgeville were discussed Tuesday at a conference held in the office of Governor L. G. Hardman, attended by the governor, E. L. Rainey, chairman of the state prison commission, Attorney-General George M. Napier and B. H. Dunnaway, warden of the state prison at Milledgeville.

No definite action has been taken as to a consummation of the plan. It was stated that the present cost of automobile liceuse tags for two years state may manufacture automobile

utomobile license tags for two years would amount to a sufficient sum to defray the expenses of installing the necessary machinery. The prisoners would be used to operate the machines and after the first two years the cost of manufacturing would be very low, it was stated.

BY DICK HAWKINS.

Harking to the call of spring and its accompanying sunburn and perspiration, 33 feminine golfers struggled uphill and around the beautiful Druid Hills in search of low scores and high spirits. The latter were plentiful and the former were not too few.

The tournament was the second one-day medal play affair of the Atlanta Women's Golf Association, and it was a more than modest success. As to winners there can be no definite As to winners there can be no definite decision in the top class until sometime later for the very sufficient reason that Margaret Maddox and Mrs. L. H. American League Officials Refuse To Discuss

Sarasota, Fla., March 26 .-(AP) -Seven officials of the American league including President E. C. Barnard, held an executive conference here today, but little information was divulged as to what transpired at the meeting.

Aside from saying that the session was called to discuss the outlook for the American league during the coming season, officials were non-committal.

Rumors were current before the meeting that the trading of several players was in prospect, but the baseball leaders refused to make any com-

"Revolt" Rumors.

JOHNNY JONES.

THERE are lots and lots of people named Johnny Jones and lots of them playing baseball, but is very doubtful whether or not any Johnny Jones has as much pepper and fire or plays shortstop so well as does Johnny Jones, of the Crackers.

This is Jones' second year here in Atlanta, and last summer he became rather popular, having a good season despite a leg injury. This year is expecting even a greater one. Johnny covers the shortfield like a streak, and many times invades the territory of the third or second baseman to scoop balls that seemingly just couldn't be scooped.

In spring training he has been doing his work just as effectively in addition to a great lot of clowning that Jones is continually carrying on.

He started in professional baseball in a big way. It was in 1917 when his first engagement was with the St. Louis Cardinals, Here Johnny played at shortstop for two years, and in 1919 the Yankees bought him. Jones stayed with Mr. Huggins' crew for one year before he was sold to Toledo, in the American association. Coker, Local Amateur, Is Sent to Spartanburg for Year by Good.

BY BEN COTHRAN.

Defeat was met by the Crackers at the hands of the fiery, effervescent collegians of Oglethorpe at Spiller's park Tuesday. The score was 8 to 4. The causes, if any, were a terrible inning pitched by a rookie named Doss, when he walked three men and gave up five hits and four runs in the fourth; consistent hitting by the Petrels; and some ragged fielding by the Crackers. The Crackers won Monday's game with Oglethorpe, 9-4.

With steady playing for the past three days, and another game bobbing up with Georgia's Bulldogs Thursday. Withur Good, the boss, has ordered plain practice for his charges today. The workout will be held behind barred gates.

J. E. Coker, who played amateur ball in Atlanta last summer, left Tuesday night for Spartanburg, S. C., to join that city's entry in the Sally league. Coker, a shortstop, worked out this spring with the Crackers and performed in such impressive fashion that Good had Spiller sign the lad and ship him to Spartanburg.

Spiller in Florida.

While all this is going on R. J. Spiller has departed the city, headed for the grapefruit wilds of Florida in general and Uncle Wilbert Robinson, of the Brooklyn Dodgers, in particular. Spiller left hurriedly early Tuesday morning by automobile, following receipt of a telegram, contents of which were not divulged. He will make a tour of the spring circuit in Florida and has said that he is coming back with a slugging outfielder or so. It is expected that he will make determined efforts to arrange the return of Nick Cullop Dom Brooklyn, Cullop is in Atlanta now, while his wife is recovering from an operation, and is working out at the field daily.

Club Not in Condition.

Club Not in Condition. Tuesday's game served further to prove that the club is far from being in condition as yet. The pitchers have not progressed far enough to bear down, although if it hadn't been for that terrible fourth inning Tuesday Cracker chunking would have been satisfactory.

With the continuance of the present weather, however, the team should improve steadily and the six tough exhibitions scheduled for next week will serve in conditioning the club.

Brice Starts Hurling. Brice began chunking for the Crackers and worked three innings, during which time he did well, giving up one hit and one run. The run resulted in a walk for Lawson followed by a hit 10 miles into right field by Thompson on which Lawson scored and Thompson got no farther than first.

Tank Meet Set

Atlanta had scored in the first on a double by Sheehan and singles by Marriot and Poole. Poole had a large day at the plate with four his out of five times up.

Fort Myers, Fla., March 26 .- (P) The situation is none too alluring so far as the Philadelphia Athletics are

concerned.

The regular pitchers are going none too well, the makeup of the infield is uncertain, and George Earnshaw, right-handed pitcher, will not be m shape for several weeks. He is in Hot Springs undergoing treatment for an injured back.

Joe Boley, regular shortstop, is unable to throw to first base because of a sore arm.

Sam Rice Slated To Warm Bench

Washington, March 26.—(P)—Sam Rice, veteran of many campaigns in the Washington outfield and a consistent. 300 hitter, probably will occupy the role of a substitute this season. Manager Johnson has decided that Goslin, Barnes and West—the latter two youngsters—will compose latter two youngsters-will compose the regular outfield.

Rookie Threatens Maranville, Farrell.

St. Petersburg, Fla., March 26.—(AP) Bob James, rookie infielder from Omaha, may prove too good for two veteran rivals, "Rabbit" Maranville and Dr. Eddie Farrell, in the race for the regular shortstop berth with the Boston Brayes. James has outstepped both his rivals in training here and has shown a batting eye. Maranville and Farrell, on the other hand, have been

On Indian Bench. New Orleans, La., March 26.—(AP)—Bib Falk, who came to the Cleveland Indians this spring in a deal with the Chicago White Sox, is rated the club's best outfielder and still faces the season with the certainty of sitting on the bench.

The reasons Falk will remain out The reasons Falk will remain out of the game, for a time anyway, are the years of dependable service which give Jamieson first claim to right field, and two high-priced recruits, Earl Averill and Dick Porter, who cost too much and work too well to remain idle.

Western Loop Play-Off. New York, March 26.—(P)-Pronging their schedule meeting into the longing their schedule meeting into the early hours. Eastern league club-owners voted today to challenge the Western league to an annual championship series between the two pennaut winners in the rival Class A circuits. The obstacle presented by the remoteness of the two leaguers from each other apparently was overcome by the suggestion of Herman J. Weisman, president of the Eastern league, that the series in its entirety be played in one city. Vanity Greations

Lack of Base Hits Worries Bert Shotton.

Winter Haven, Fla., March 26.—(P) Base hits have been so few and far between recently that Manager Shotton, of the Phillies, is worried.

"When it isn't one thing in baseball it's another," he said. "We've been wailing about our pitching all spring, but now that is coming around all right we can't hit a ball out of the infield."

Hunnefield Gets.

Chance at Short.

Austin, Texas. March 26.—(P)— Bill Hunnefield is to get a chance at shortstop in Bill Cissell's place for the White Sox. Cissell, who cost the White Sox \$123.000 in 1927, has been a disap-pointment this spring in fielding and hitting. Manager "Lena" Blackburne believes his trouble is due to an in-jured leg, but he is going to give Hun-nefield a chance anyway.

As they rise, one by one, out of death's shadowed glen To follow the bugle-the drum's muffled roll Where Ghosts of the Alamo gather again.

I hear Crockett's voice as he leans from the dust And waits at the call for an answering hail; And Bowie caresses a blade red with rust As deep in the shadows he turns to the trail: Still lost in the darkness that covers their sleep Their bodies may rest in a sand-mounded den, But their raw souls have come from the red starry steep Where Ghosts of the Alamo gather again.

You think they've forgotten-because they have slept-The day Santa Anna charged in with his slaves? Where four thousand men on a bare hundred swept And stormed the last rampart that stood for their graves? You think they've forgotten-but faint, from afar Brave Travis is calling he roll of his men, And a voice answers "Here!" through the shadows that bar As Ghosts of the Alamo gather again.

The Yankee Record.

Some few days ago these dispatches contained a statement that gave the Yankees something like a record in winning six pennants in eight years. "You state this record just them well ahead of any other big league team," writes R. McConnell. "How about the Boston's six wins in seven years from 1872 to 1878, inclusive, and the White Stockings' five wins in seven years from 1880 to 1886? The Yankees' record is in seven years from 1880 to 1886? The Yankees' record is in the work of the will find an opponent who is a given large to professional foothal. Six out of seven is better than six out of eight. But if the Yankees' record for it will do until a real record comes along.

Cagle's Successor.

Dears it should be added the set of Bennett's forte is the old-fashioned sort of tucking the pesky pigskin under one arm and rambling rapidly into enemy territory from scrimmage of four, six and eight-yard gains; one right after the other. While this system is almost extinct in modern football, it does have its good Walker and his right cross for damaging punches.

All of which would indicate that when Chris Cagle winds up his career next fall there will be a young man to take his place, who is about as good as any of them that happen along—from Carroll to Cagle. "What is meant by the phrase 'leaving the left shoulder behind' in

the golf swing?" queries D. II. It means just about that—not permitting the left shoulder to turn sufficiently on the pivoting that goes with the back swing. Many golfers twist their hips and bodies around, but leave the left shoulder locked or checked, in place of letting it take a free, natural turn to the right as the back swing is started. Or, many dip their left shoulders, in the belief that they are pivoling, where, of course, they are not. Nine golfers out of nine and a half permit the left shoulder to turn far enough to the right as the back swing is made. There is almost no surer method of slicing, if that happens to be one's

Chicago. March 26. — (United News.)—Finished with their heavy training, Tommy Loughran and Mickey Walker, who fight here Thursday for the light-heavyweight championship of the world, contented themselves with comparatively light work

today.

Both are in tip-top shape and Loughran, the titleholder, has overcome the excess poundage handicap which worried him. Tommy recently attempted to enter the heavyweight managery added several attempted to enter the heavyweight ranks and purposely added several pounds. It was feared at first that taking off this weight to reach the 175-pound light heavyweight limit might weaken him.

But today he said he believed he was in the best condition of his career. "Never felt better and you're going to see some fast work when I start throwing punches," he said.

Walker Adds Weight.

The middle west has shown great interest in the bout. Promoter Paddy Harmon expects the card to be a sell-out, which means that 25,000 people, the largest indoor crowd in history, will crowd the new Chicago stadium. RHYTHM AND PRECISION.

The act of snapping a football to a halfback looks absurdly simple. A gink takes the football in his hands, bends over and snaps it back between his legs. A child can do that.

But, Ah, my friends and Oh, my foes, it is one more bb. Passing that football is as delicate an operation as banking the eight ball three rails in the side pocket or curling a four-foot putt into the cup. A pitcher working a change of pace needs no more sense of rhythm and

THREE DELIVERIES.

The attacking system at Georgia Tech requires three sorts of passes from center. For line bucks, the ball is "hung" in the air to the left or right of the center's legs. The ball must be tossed easily at just the height of the belt of the fullback who is coming through. The ball must be "soft"; a hard snap will result in a fumble.

On end runs and off tackle plays, the ball is floated backward slightly in advance of the ball carrier. The ball carrier leaves the instant the leather is snapped and he must meet it full tilt at a point considerably to the left or right of his starting position.

This pass is the hardest one of all to execute. It requires a sixth sense of speed and direction by the center. He must vary his snap also with different halfbacks according to their speed

So much for the mechanics of the position. The matters of thorough knowledge of signals, blocking, defensive play must be left for a later date and another long series of lectures. The mechanics are important enough to demand time and earnest work and concentration and self-denial.

THEY'RE WELCOME TO IT.

Lumber Checker Shoots Self as Brother Hurries to Rooms.

Wrightsville, Ga., March 26.—(P) Wrenn Sell, 26, lumber checker for the W. H. Lovett Lumber Company shot himself through the head this morning in his room at the home of Mrs. J. H. McAfee and died in-stantly. No reason for the suicide has been discovered.

Sell reported for duty this morning, and while working in a car of lumber with a lumber inspector, told lumber with a lumber inspector, told him that he was going to kill himself and left the car. The inspector followed him but Sell had taken a pistol belonging to his employer from the office and had left in his automobile before he could be stopped. His brother, Ed Sell, was informed and he left for his brother's lodgings in company with Mr. Lovett. Before they arrived, Sell had brushed past Mrs. McAfee, the pistol in his hand, and had locked himself in his room. She heard a pistol shot and when the door was broken open the body of Sell was found, with a bullet hole above his right ear.

Two notes were left, one addressed of continuance of the work in the flooded section of McIntosh county. The chapter is officially in charge of the flooded area and in cooperation with the local committee headed for. It will probably be several weeks before conditions will return to normal and that locked himself in his room. The entire expense of the relief operations has been borne from the national treasury. THE Lincolns which you will see at the Metropolitan Salon this year are well worth your time and attention. For these cars represent all that human skill has achieved in the art of fine motor car making. Neither care nor expense is spared in making the Lincoln as nearly perfect a motor car as it is possible to produce.

These Lincolns are more beautiful than ever. The new body types are the work of the foremost custom coachmakers. They are distinguished by a new smartness, a new fleetness and grace. The lamps, the radiators, the exterior trimmings are chromium plated—which means tarnish-proof. The radiator, incidentally, is deeper, the fenders have an exhilarating sweep of line. The whole effect is swifter, lower, more eager. . . .

And there are corresponding mechanical improvements. The new rubber engine mounting, for example, which dampens motor vibration; the new all-enclosed six-brake system which brings you smoothly and instantly to a stop. . . . These and other refinements have been introduced quietly, in accordance with Lincoln's policy of constant improvement. There are no yearly models. Lincoln believes in building motor cars so fine, so good to look upon that they are always smart.

The Lincoln is precision-made from start to finish. More than 100 operations are kept within limits of 1-5000 of an inch-1-15 of a hair's breadth. The motor is so accurately constructed that you do not even have to break it in.

MOTOR CARS

ATLANTA BILTMORE HOTEL

March 26th to 29th 10:30 A. M.—10:30 P. M.

VOU can drive a Lincoln at your normal speed the very first day you own it!

And the Lincoln is an exceptionally safe car. Its center of gravity is low, so that it clings to the road. It has shatter-proof glass throughout. And it is tremendously strong. Every part is tested and retested many times. Every car that leaves the Lincoln factory represents approximately thirty thousand separate inspections.

But perhaps the best understanding of the Lincoln as a fine motor car is to be gained from an examination of the car itself. You are cordially invited by the Grant-Harris-Rippey Company to the Lincoln Metropolitan Salon in the Atlanta Biltmore Hotel, March twenty-sixth to twentyninth. The hours are from 10:30 a. m. to 10:30 p. m.

Among the interesting mechanical exhibits will be a copper-plated display chassis, a cut-away motor, a parts board, a rear axle assembly, an intake manifold assembly, a crankshaft and fan assembly, an aluminum body, and a set of the famous Johansson gages used in the manufacture of Lincoln motor cars, which are accurate to four-millionths of an inch.

The body types that will be on display at this Salon will include the Willoughby Limousine, the Town Sedan, the 7passenger Sedan, the Phaeton, the LeBaron all-weather Cabriolet, the Club Roadster, and the Dietrich Convertible Type.

"Sweetest Baby in Georgia"

For over fifty years, mothers, like this xell-known Georgia woman, have been telling each other about California Fig Syrup, and leading physicians have been endorsing it. Nothing else acts so gently and harmlessly to propel the souring waste from the delicate system of babies and children, which, when allowed to remain, keeps them cross, feverish, bilious, head-achy, weak, with coated tongue, bad breath, broken-out skin, no appetite or energy. Its rich, fruity goodness helps to give tone and strength to their little stomach and bowels so they continue to act normally, of their own accord. It helps to build up and strengthen them—makes them active and happy.

"I have used California Fig Syrup with my little daughter since early babylood" says May O. V. Diese.

"Thave used California Fig Syrup with my little daughter since early habyhood," says Mrs. O. E. Plant, 365 Crew St., S. RIGGEN HELD ON TO THE MARBLES. "WHAT HAVE WE GOT THAT BELONGS TO YOU?"

"It must be that Jimmy is fasting," said Farmer Brown's Boy as he returned to the house.

doubt that he would catch Jimmy. He doubt that he would catch Jimmy. He knew that Jimmy was too independent to be suspicious and was one of the casiest of all animals to trap.

"I don't like to do ii," sighed Farmer Brown's Boy. "I don't like to do ii, sighed Farmer Brown's Boy. "I don't like to do it, because I like to have Jimmy around. But I cannot afford to lose any more chickens. Jimmy has never bothered my chickens before and I don't see why he couldn't have left them alone this time. I guess I'll have him in the morning all right."

The first thing the next morning. Farmer Brown's Boy went out to look at the trap. Jimmy Skunk wasn't in it. No one was in it. It hadn't been sprung. "Huh." said Farmer Brown's Boy went out.

"Huh!" said Farmer Brown's Boy.
"I suppose Jimmy ate so many chickens that he didn't feel like coming

out."

Then Farmer Brown's Boy went around in the henyard and counted his chickens. He counted exactly the same number as he had had the day before. He scratched his head. "I couldn't have counted right," said he. "For a week now I've lost two or three chickens every night. It can't be that I didn't lose any last night. I'll count them again."

So Farmer Brown's Boy counted the chickens again with the same result. Then he counted them a third feature, march, orchestra, 11:30, in the gar.

Crammed with brilliant dialogue and delightfully amusing situations as method with brilliant dialogue and delightfully amusing situations as method with brilliant dialogue well as frequent moments of tense drama. "The Bellivior of Mrs. Crane," second presentation of the Lestie Futenwider All-Star Stock Company, is being enacted before large audiences this week at the Atlanta theater. Miss Beverly Bayne, the lovely leading woman of the company, is afforded a splendid part in this sparkling comedy drama. Her role is one that requires an actress of extraordinary ability, but one that she is particularly well suited to portray. She appears as Mrs. Crane, a wife too humorous to weep when she is informed that she is to be discarded by her husband, but too romantic to retire except with the understanding that the coverage of the show a new kind of love by the coverage of the second state of the control of the contr husband, but too romantic to retire except with the understanding that

On his return to London Preece again meets Prunella. He asks her to marry him and she retises. Shortly afterwards she marries Trenayne Ronan. Preece marries Claire Chishodme, sister of one of his West African and Hugh meet. A few years later Prunella and Hugh meet at Swindon, where they spend the night total and the latter is pressing him for the debt. Preece goes to his mand and he latter is pressing him for the debt. Preece goes to his nown room and reads a letter from Prunella in which she says that Lepean had written asking to see her, and she tells Preece that he must get rid of Lepean. The next morning Lieutenant Lepean had written asking to see her, and she tells Preece that he must get rid of Lepean. The women of decidedly 'forthcoming' disposition, he noticed a piece of paper headed 'I. O. U.' It was for a sum of a hundred pounds and signed 'G. A. Harris.' Pocketing this and the hotel bill, he left the room. As he turned to bid farewell to Captain Wape before jumping into the taxicab in which he was returning to London the latter said, abruptly: "Inspector, I ought to tell you that I was the last person to see Lepean alive."

The inspector waited.

"Yes," continued Wape, appearing slightly disconcerted by the inspector's lack of surprise, "I went to his room about a quarter to one. He was reading in bed. I stayed talking till about two."

"Did you notice if Lepean had a whisky and soda by his bed?"

The door was pushed open and Major Preece entered the room.

Wape hesitated, then he asked,
stiffly: "Any indications, inspector?

The inspector smiled and shook
his head, jumped into the taxi, waving a genial farewell with his slim
hand. A few minutes later he drew
out of his pocket a single sheet of
notepaper and read:

They had arrived at the ante-room once more. Preece and Wape rose from their seats as the detective inspector entered the room.

"Well, gentlemen," the latter said, planting himself in front of the fire and glancing keenly from one fact to the other. "I shan't bother you much more I shall just take another look at the lieutenant's room before I go. I'll arrange for the removal of the body as I pass through Bitterne. The inquest will be on Saturday. You will all be required to give evidence. There was one more point I omitted to inquire about . . . "Post, sir, letter for you, sir." A mess servant was holding out a tray to Major Preece. Two letters reposed upon it. The inspector noticed the peculiarity that they had both been addressed in the same handwriting.

Preece took one of the letters. "This one, sir, is for Mr. Lepean. What shall I do with it, sir?" the servant appealed to Wape. "I will take that." The inspector put out a curiously slim hand for one so heavily built, and pocketed the letter. "I was going to ask," he continued, who last saw Lieutenant Lepean alive?"

There was a moment's silence, broken by Preece: "I think I must have done. I went't to his room last night, and stayed chatting and having a drink till about half-past twelve."

"About the drinks, major. Two tumblers were on the table."

New York, March 26 .- (A)-Bonds

New York, March 26.—(P)—Bonds were dumped overboard today in the heaviest trading day in the market since last June, and more than 25 foreign and domestic issues fell, in many cases, to their lowest level for all time. The Associated Press combined averages for 40 bonds were at their lowest point in three years.

The widest breaks were in the convertibles, reflecting the gyrations of the stocks. High grade issues were well represented in the decline. As the rate for call money was marked up to 20 per cent dealers were demanding 8 1-4 per cent for time loans.

Sales totaled \$14,694,000, the heaviest turnover since June 12, last, when the total was \$16,031,000.

Outside of International Telephone convertible 4 1-2s which wound up the day with a net gain of a point at 117 1-2 after soaring to 119 and dropping to 114 1-2 all the speculative issues closed behind minus signs. Public Service of New Jersey 4 1-2s compared to their recent high of 206, and the Van Sweringen's Alleghany corporation 5s at one time got down to 98 and finished at 99 3-4 for a lished by the 5s of U. S. Rubber, in which the Du Poont with a drop of a point to 88. Several of the oils were at new lows for the year. White Eagle of 1-2s dropped more than 2 points.

The slump in the utilities was marked by a drop of 2 points to a new low at 101, by collateral 5s of American Telephone, which took Wall Street by surprise today with announcement of a \$225,000,000 bond offering, its first major financing of this kind since 1925. This step follows action by such companies at a new low.

Alchison debenture 4 1-2s featured the selling in rails, falling more than 3 points to the lowest price since their admission to trading. St. Paul additional properties and Anaconda Copper to retire all bonds through stock offerings. Postal Telegraph 5s also were at a new low.

Alchison debenture 4 1-2s featured the selling in rails, falling more than 2 points.

Alchison debenture 4 1-2s with a drop of 2 points, and New York with a drop of 2 points and properties of the s compared to their recent high of 206, and the Van Sweringen's Alleghany corporation 5s at one time got down to 98 and finished at 99 3-4 for a fractional loss. Shortly after their admission to trading this year these bonds ran up to 110 1-2. American International 5 1-2s fell more than 2 points to a new low at 101. A loss of 4 points at the close was tallied by Anaconda Copper 7s, which fluctuated from a high for the day of 240

to a low at 227 and finished at 230.

In the industrials Abraham & Straus 5 1-2s which recently preceded a merger announcement with an advance to 120, slipped down 2 points to a new low for the year at 110. Bethlehem Steel refunding 4 1-2s chalked up a fractional gain, but the convertible 5 1-2s were under pressure. U. S. Steel sinking fund 5s got down below 108 for the first time since announcement of the plan to retire the issue at 110.

New York, March 26.—(P)—Anealy advance on relatively firm cables and some nervousness over weather prospects were followed by a severe break in cotton today under liquidation, which appeared to be stirred by weakness in the stock market.

July contracts which sold up to 20.32 early broke to 19.63. Offerings tapered off at the decline and a good part of the loss was recovered as stocks steadied later. July closed at 19.95. The general market closed steady at net declines of 7 to 21; points.

The opening was steady at an advance of 8 to 12 points. Active months showed net gains of 10 to 16; points in the early trading on covering and trade buying. This was accompanied by comment on the showing of Liverpool. Some buying also was reported on prospects for renewed showers in the eastern belt.

May sold up to 20.82 and December to 20.14 on this early buying, but demand tapered off at these figures and declines in grain.

Brokers with western and Wall Street connections were amoug the selers. There was also local and southers. There was also local and prices recovered some 30 or 40 points of the losses in the late trading.

A preliminary private report was published during the thorning pointing to an increase of 169 per cent in acreage to be planted compared with last year. The report, however, seemed to be without any particular effect on the day's market. Private eables reported covering with local and London buying in the Liverpool.

A preliminary private report was published during the morning pointing to an increase of 1/9 per cent in acreage to be planted compared with last year. The report, however, seemed to be without any particular effect on the day's market. Private cables reported covering with local and Loudon buying in the Liverpool market, and said there was moderate business in cotton cloths but that yarns were inactive, with spinners losyarns were inactive, with spinners los-ing around. Houses with Liverpool connections were credited with buying some cotton here on the mid-afternoon break. Exports today 14,803, making 6,748,-749 this season. Port receipts 20,-4\$1. without FRIENDS

In spite of Secretary Mellon's hint that the Bond Market now offers bargains, the minds of investors are still hypnotized by the stock market. Bonds are still without friends.

Is this unpopularity of bonds only a tem-porary condition? Or is it permanent?

We have prepared a Special Letter, issued as part of our service, which explores these questions at length, and which will be of very great interest to all bond investors.

A few copies are available for interested bankers and investors.

27 Triles Art Sk B etf New York, March 26.—(49)—Curb Glass 10, Budd Mannfacturing 11 and market stocks today, duplicating the wide fluctuations of the "big board" bounded from 65 to close at 74, for a net gain of more than a point.

wide fluctuations of the "big board" securities, opened fairly steady, crashed ed under the pressure of 20 per cent call money and then rallied before the close. A good number finished behind plus signs, although the day marked the worst credit crisis in nearly 10 years.

Trading was not of record proportions, sales totaling 2.210,900, which were exceeded on January 28, when 2.358,000 shares changed hands. The record is 3.040,400, established on November 28, 1928.

Losses ranged from fractions to 20 points. At the close, practically all sections of the list shared in the rally, and many of the early declines were either wiped out or reduced to fractions. Aviation and chain stores were either wiped out or reduced to fractions. Aviation and chain stores stocks suffered the widest, and the utilities, which were under pressure practically all of last week, led in the recovery.

Ford of Canada, which recently sold up to 1150 on announcement of 20-for-1 stock split-up, sank to 886 and rebounded to close at 890 for a net loss of 21 points. Precter & Gamble

HIGH LIGHTS OF HISTORY

HEN THE AMERICANS TOOK POSSESSION OF THE PANAMA CANAL ZONE (1904), THEY FOUND IT A PLACUE SPOT, INFESTED WITH YELLOW FEVER AND MALARIA. THE FIRST STEP WAS TO RID THE ISTHMUS OF THESE DISEASES, WHICH HAD BEEN PARTLY RESPONSIBLE FOR THE FAIL-URE OF THE FRENCH CANAL BUILDERS. COL. WILLIAM C. GORGAS, OF THE ARMY MEDICAL CORPS, WAS ASSIGNED TO THE TASK OF MAKING THE CANAL ZONE A SAFE PLACE TO LIVE IN.

Col. Gorgas Stamps Out Yellow Fever.

ELLOW FEVER IS CARRIED BY A SPECIES OF MOSQUITO, AND A VIGOROUS CAMPAIGN TO EX-TERMINATE THESE PESTS WAS LAUNCHED AT ONCE. A "MOSQUITO BRIGADE" SET TO WORK SPRAYING WITH OIL THE STAGNANT POOLS WHERE THE LARVAE BREED, DRAINING OR FILLING IN THE SWAMPS, AND REMOVING THE TANGLED UNDERGROWTH.

U. S. Records Show Prison NATIONALISTS BEATEN Here Only One To Operate Within 1928 Appropriation

Inspection of Peniten-

BY HERMAN D. HANCOCK.

Despite charges of Mrs. Mabel Walker Willebrandt, assistant attorney-general in charge of federal prisons, that she asked the resignation of John W. Snook, warden of the Atlanta Federal penitentiary, because he was "interly lacking in administrative ability," the annual report of federal penal and correctional institutions shows that the local institutions shows that the local institution, directed by Snook, is the only one of the major pens which ended the fiscal year of 1928 without a deficit.

A total of \$850,000 was appropriated by congress for operation and maintenance of the local institution for the year ending June 39, 1928. Only \$66,254.23 was expended, leaving a balance of \$43,745.77. Leavenworth had an appropriation of \$849-240 and spent \$909,044.54, a deficit of \$59,804.54, while McNeil Island was allocated \$260,000 and spent \$271,599.71, an over-expenditure of \$11,599.71.

After the woman assistant attorneygeneral had charged a lack of admin-istrative ability in discussing the case with news representatives she added "dirt, disease and dope" had impelled her to make the request for the warden's resignation, which will be effective April 1.

Institution Found Clean.

Atlanta newspapermen Tuesday conducted a minute survey of the in-stitution, spending several hours be-hind the gray, forbidding walls, and nd the institution clean; that only a few patients occupied wards at the hospital; that diseases is under con-trol, and that dopers have "one chance in 50,000" to get their supply

In the face of the overcrowded conditions, where basements originally constructed for baths have been converted into huge dormitories, there was cleanliness. Every room is crowded with prisoners. This condition exists at all the institutions as the result of the failure of congress to provide adequate housing for of-fenders.

In such a scheme one would expect to find the morale low, but on the contrary it was high. There is sel-dom a complaint. Everywhere there was manifest overcrowding.

Cell tiers were spotless. Oldtimers declared the morale of the institution is the best it has been in ten years.

One doper declared that prisoners had one chance in 50,000 to get their supply.

In addition to the fact that Snook as warden was the only one having charge of a large institution to fail to pile up a deficit, the prison farm showed a profit of \$45,931 as against \$49,290.57 profit for Leavenworth and a \$6,462.34 deficit for the farm at McNeil Island.

Only about one-third of the beds in the hospital were occupied Tuesday. The hospital itself is well equipped. REPORTED EXECUTED. London, March 27.—(Wednesday) P)—An Exchange Telegraph dispatch from Hong Kong today relayed a cir-cumstantial report that General Li Chai-sum, governor of Canton, had been shot. The general was arrest-ed by the nationalist government when he arrived in Nanking on March 13 for the Kuomintang conference.

A Brtish firm in Hong Kong received a cable from its Shanghai office telling of the execution. This was not confirmed immediately by other sources.

Li Chai-sum as commander fourth army of the Cantonese had a long struggle with the bolshevists in Canton. He finally won the upper hand and executed 19 of the red leaders in April, 1927. During the struggle he had appealed to the nationalist government for aid but at later times his levelty was questioned.

The chief reason of the landing was because of the low level of the gasoline, making it inadvisable to continue the flight which had lasted 43 hours and 48 minutes, covering a distance without a stop of 4,100 miles.

The extreme fatigue of the aviators caused them to decide to rest at Bahia for two days before starting on the 800-mile hop to Rio de Janeiro, which had been the goal of their flight.
